**ROGER PEACE  
COMMUNICATIONS****SYSTÈME DE GÉNÉRATEUR D'ÉNERGIE PHOTOVOLTAÏQUE**

Partout où il est nécessaire de produire de l'électricité pour l'éclairage, les aliments réfrigérés, les climatiseurs, la radio et la télévision ou le téléphone, nous avons étudié pour vous une solution comprenant un système intégré de conversion de la lumière du soleil en électricité, avec une puissance optimale pour assurer tout le confort dans les moyennes maisons.

Le système que nous proposons est facile à installer partout où il y a un ensoleillement direct, nécessite très peu d'entretien et peut être installé aussi bien en zone urbaine qu'en zone extérieure et rurale. Nous vous proposons différentes "coupures" de puissance allant des 5 KW classiques, très adaptés aux familles, jusqu'aux 10 KW nécessaires aux petites entreprises.

A fourniture de tous les composants - gratuite pour notre fabricant - aura lieu dans les 25 jours suivant la commande et sera livrée au port que vous avez indiqué.

Des frais de livraison supplémentaires seront calculés au moment de la commande.

Le type de produit fourni peut évoluer jusqu'au moment de la commande car la technologie photovoltaïque est en constante évolution.

KIT COMPOSE FOR 5 KW POWER MAX				
ITEM	DESCRIPTION	QTY	PRICE USD (1\$)	PRICE EURO (0,89 €)
Solar Panel	Chisage, CE550-36-MH mono half cut 550W	9 panel	1.650,00	1.480,00
Mounting Structure	Alluminium rail for roof mounting	for 9 panel	on demand	on demand
Inverter	5 Kw hybrid and <i>off/ing</i> single fase inverter	1	825	750
Battery	Lithium battery 51,2 V/100Ah with cables and racks	1	1.150,00	1050
Cable Red and Black	For DC, 4 sq mm	100 mt	100	90
Special Connectors	MC4 type DC connectors	3 sets	1,3	1,16
Total cost 1kit			<b>3.726,30</b>	<b>3.371,16</b>
IVA 10%			<b>372,63</b>	<b>337,12</b>

**SISTEMA GENERATORE ENERGIA FOTOVOLTAICA**

Ovunque sia necessario produrre energia elettrica per illuminazione, per alimentare frigoriferi, condizionatori, telefoni radio e TV, abbiamo studiato per voi una soluzione comprendente un sistema integrato di conversione luce solare in energia elettrica, di potenza ottimale per garantire ogni comfort in abitazioni di dimensioni medie. Il sistema che vi proponiamo è di facile installazione laddove ci sia illuminazione solare diretta, richiede pochissima manutenzione ed è installabile sia in aree cittadine, sia in zone periferiche e rurali.

Vi offriamo diversi "tagli" di potenza dai classici 5 KW indicatissimo per le famiglie, fino ai 10 KW necessari per piccole aziende.

La fornitura di tutti componenti – franco il nostro produttore - avverrà entro 25 gg dall'ordine e sarà consegnato nel porto da voi indicato. Ulteriori spese di consegna saranno calcolate al momento dell'ordine. I tipo di prodotto fornito potrà cambiare fino al momento dell'ordine in quanto la tecnologia fotovoltaica è in continua evoluzione.

KIT COMPOSE FOR 5 KW POWER MAX				
ITEM	DESCRIPTION	QTY	PRICE USD (1\$)	PRICE EURO (0,89 I)
Solar Panel	Chisage, CE550-36-MH mono half cut 550w	3 panel	1.650,00	1.480,00
Mounting Structure	Alluminium rail for roof mounting	for 3 panel	on demand	on demand
Inverter	5 KW hybrid and <i>off grid</i> single fase inverter	1	825	750
Battery	Lithium battery 51,2 V/100Ah with cables and racks	1	1.150,00	1050
Cable Red and Black	For DC, 4 sq mm	100 mt	100	90
Special Connectors	MC4 type DC connectors	3 sets	1,3	1,16
Total cost 1kit			<b>3.726,30</b>	<b>3.371,16</b>
IVA 10%			<b>372,63</b>	<b>337,12</b>

**PHOTOVOLTAIC ENERGY GENERATOR SYSTEM**

Wherever it is necessary to produce electricity for lighting, refrigerated foods, air conditioners, radio and TV or telephones, we have studied a solution for you including an integrated system for converting sunlight into electricity, with optimal power to ensure every comfort in medium-sized homes.

The system we are proposing is easy to install wherever there is direct sunlight, requires very little maintenance and can be installed both in city areas and in outdoor and rural areas. We offer you different power "cuts" from the classic 5 KW, very suitable for families, up to the 10 KW needed for small companies.

The supply of all components - free to our manufacturer - will take place within 25 days from the order and will be delivered to the port indicated by you. Additional delivery costs will be calculated at the time of the order.

The type of product supplied may change up until the time of the order as photovoltaic technology is constantly evolving.
